PROFESSIONAL PROFILE

Programming Technician with training in software development, databases, and systems analysis. I have experience in web projects and management systems, working on requirements gathering, feature design and implementation, information management, and problem-solving. I adapt quickly to new technologies and methodologies and am analytical, organized, and detail-oriented. I am seeking to gain professional experience in software development while continuing to strengthen my technical skills.

EDUCATION

2024 - 2025 Buenos Aires, Argentina	University Technical Degree in Programming <i>Universidad Tecnológica Nacional - Facultad Regional Haedo</i>
2018 - 2023 Buenos Aires, Argentina	High School Diploma - Economics <i>Instituto Juan Manuel de Rosas</i>
